

Dazzling Smiles

Sam S. Sadati

“Dr. Sadati’s patients can — often in just a few carefully planned visits — let go of a lifetime of struggling with a less-than-perfect smile.”

At The Sadati Center for Aesthetic Dentistry, Sam S. Sadati, D.D.S. — acclaimed as the Palm Beach County smile designer — provides each patient with “All the Best for Your Smile”! Besides benefiting from award-winning smile design artistry, every dental client of Dr. Sadati is treated to luxurious, spa-like amenities and pampering, five-star personal service.

For the second consecutive year, Dr. Sadati brought home the gold from the American Academy of Cosmetic Dentistry’s Annual Scientific Session, receiving top honors in the highly competitive International Smile Gallery Competition. The event, held this year in Vancouver, B.C., brought together cosmetic dentists from around the world to vie for the coveted Smile Gallery awards. AACD-accredited dentists, who have no knowledge of the dentists’ work they are judging, rate each competitor’s actual dental skills in several categories of competition. The Gold Medal award indicates a dentist’s AACD peers consider his cosmetic dental skills among the best of the best in world-class cosmetic dentistry. What this means to Dr. Sadati’s patients is that they can count on him, by virtue of his proven track record of consistent excellence, to produce beautiful and healthy results.

For patients undergoing a smile transformation, The Sadati Center experience is unlike anything traditionally considered “dental.” The Sadati team lovingly pampers each patient (guest) with a surprising menu of spa-like amenities delivered in an exotic, Mediterranean-styled dental boutique. Patients (guests) can relax amid tranquil fountains in each treatment suite as they indulge in warm paraffin hand-wax treatments, dental chair massage pads, Otis Spunkmeyer cookies baked daily, hot Persian tea, freshly brewed Starbucks coffees, a variety of juices, soft drinks, and bottled water, their own high-speed internet station, a library of DVDs and CDs, warm scented towels, and aromatherapy options — just to name a few of the amenities.

Dr. Sadati’s patients can — often in just a few carefully planned visits — let go of a lifetime of struggling with a less-than-perfect smile. Crooked teeth, gaps, stains, missing teeth, unattractive obsolete dentistry, and virtually any smile defect can be erased by Dr. Sadati’s gentle dental wizardry. Patients are often amazed that the whole experience was so much easier than they ever imagined!

Call the Sadati Center today and arrange for your complimentary smile consultation.
